

Supervision & Training of Group Psychotherapy

Are you curious how others are approaching group training and supervision? Is there a difference between training and supervision? How are dynamics different in supervision and training of group as opposed to other therapy modalities?

Community Conversation Hour Wednesday July 13th 12:00 PM (EDT)

Join us in a lively chat, sharing your experiences with fellow group colleagues at all levels. Our hope is to provide a space for dialogue, questions, a discussion of what has and has not been successful, and share resources.

We are hoping that participants can bring up their challenges and successes related to training and supervision of group psychotherapy including but not limited to:

- Addressing power inequalities
- Training versus supervision
- Dialogues about cultural differences/similarities
- Evaluation methods

Please RSVP for access to div49group@gmail.com.

The **Community Conversation** will use Zoom, for system requirements see <https://support.zoom.us/hc/en-us/articles/201362023-System-Requirements-for-PC-and-Mac>

Hosted by the Early Career Psychologists Taskforce
